

Genesee County Bar Association and Genesee County Bar Foundation

Present:

In 1958, President Dwight D. Eisenhower established Law Day as a counter to the May Day observances in the Soviet Union and its satellites. Law Day provides an opportunity for educating students and citizens of this country about the Constitution and the Law, and the responsibilities of Citizenship.

The Mock Trial is a simulation of a civil or criminal case where high school students participate as attorneys, witnesses, or jurors. The case is tried in a court room, before a Genesee County Circuit Court Judge. This is an experience that cannot be replicated in a classroom. The Mock Trial gives students a first hand exposure to the courts and legal system.

Students learn to:

- Act out of respect for the rule of law and hold others accountable to the same standards.
- Use close and critical strategies to read and analyze complex texts, make connections prior to knowledge, draw inferences and determine main idea and supporting details.
- Present a coherent thesis when making an argument, support with evidence, articulate and answer possible objections and present a concise, clear closing.
- Critically examine evidence, thoughtfully consider conflicting claims, and carefully weigh facts and hypotheses.
- Find and organize information, analyze, interpret support interpretations with evidence, critically evaluate, and present information orally and in writing.
- Use deductive and inductive problem-solving skills as appropriate to the problem.
- Examine policy issues in group discussion and debates (clarify issues, consider opposing views, apply democratic values or constitutional principles, anticipate consequences) to make reasoned and informed decisions.
- Analyze events and circumstances from the vantage point of others.

“Our constitutional democracy requires active citizens. Responsible citizenship requires students to participate actively while learning in the classroom. Instruction should provide activities that engage students so that they simultaneously learn about civic participation while involved in the civic life of their communities, our state, and our na-

PEOPLE v TAYLOR RODGERS

Will a jury find that the Defendant Taylor Rodgers was using self defense after years of bullying by the victim and his friends? Defendant Taylor Rodgers is charged with Assault with Intent to Commit Great Bodily Harm Less than Murder. Taylor claims self defense as a result of post traumatic stress disorder after years of bullying by the victim, Sean Evans, and Sean's friends, Reese Cassidy and Morgan McKenzie.

Taylor and Sean attended the same high school three years prior. Each has gone their separate ways and met at a high school homecoming game in September 2016. After running into each other several times throughout the night, Morgan, Reese and Sean follow Taylor to his/her home where Morgan begins the confrontation. Taylor hit Morgan and Reese then went after Sean. Is it self defense, mental illness, or did Taylor intend to hurt Sean for the years of abuse?
